AP Honor Roll

The AP School Honor Roll recognizes schools whose Advanced Placement programs are delivering results for students while broadening access to advanced coursework. Schools can earn this recognition annually based on criteria that reflect a commitment to increasing college-going culture, providing opportunities for students to earn college credit, and maximizing college readiness.

The College Board has four levels of recognition for the AP School Honor Roll based on qualifying criteria that are anchored in research-based relationships between AP and college outcomes: Platinum, Gold, Silver, and Bronze. For a school to be recognized, it must meet each of the criteria for their students in the most recent graduating class.

Schools that are recognized on the AP Honor Roll may also earn the AP Access Award, honoring schools that demonstrate a clear and effective commitment to provide access to advanced coursework. Schools earn the additional award if the percentage of AP Exam takers who are underrepresented minority and/or low-income students mirrors the school's overall student demographics.

Platinum Criteria:

- 80% or more of the graduating cohort took at least one AP exam during high school.

- 50% or more of the graduating cohort scored a 3 or higher on at least one AP exam during high school.
- 15% or more of the graduating cohort took five or more AP exams during high school with at least one being taken in the 9th or 10th grade.

Gold Criteria:

- 65% or more of the graduating cohort took at least one AP exam during high school.
- 35% or more of the graduating cohort scored a 3 or higher on at least one AP exam during high school.
- 10% or more of the graduating cohort took five or more AP exams during high school with at least one being taken in the 9th or 10th grade.

Silver Criteria:

- 50% or more of the graduating cohort took at least one AP exam during high school.
- 30% or more of the graduating cohort scored a 3 or higher on at least one AP exam during high school.
- 5% or more of the graduating cohort took five or more AP exams during high school with at least one being taken in the 9th or 10th grade.

Bronze Criteria:

- 40% or more of the graduating cohort took at least one AP exam during high school.
- 25% or more of the graduating cohort scored a 3 or higher on at least one AP exam during high school.
- 2% or more of the graduating cohort took five or more AP exams during high school with at least one being taken in the 9th or 10th grade.

You can find more information on the Advanced Placement Honor Roll here:

Cognia System of Distinction

Cognia is the accreditation organization for all DoDEA schools, serving more than 30,000 public and private schools across the United States and more than 70 countries. The Schools of Distinction award recognizes schools and systems that truly stand out in their service to learners. Many members of the Cognia Global Network seek accreditation from Cognia, which is earned as the result of extensive internal preparation and a review by a team of outside educators. Once an institution is accredited, it engages in similar preparation and review every five years to maintain that designation.

Green Ribbon Schools

The [U.S. Department of Education Green Ribbon Schools](#)  (ED-GRS) Program, which was launched in 2011, is an awards program that recognizes the most innovative schools in the Nation based on three achievement areas. The areas, collectively known as the Pillars, are listed below.

- Environmental impact and energy efficiency
- Healthy school environments and practices
- Environmental and sustainability education

The Department of Defense Education Activity (DoDEA) has participated in the ED-GRS Program for years. Since joining the program in 2015, eight DoDEA schools have been awarded Federal ED-GRS status as recognition of their tremendous gains in terms of facilities, nutrition and fitness, and incorporating environmental and sustainability education into curriculum.

For school year 2024-25, DoDEA Headquarters (HQ) aims at expanding awareness of the ED-GRS Program by encouraging district participation in guiding schools through the application process. Additionally, DoDEA HQ aims at improving the quality of the application process by

providing more resources, guidance to applicants and support throughout the application process. The attached [DoDEA GRS application](#) and the [DoDEA GRS scoring matrix](#) are provided for interested schools. All pillars must be completed The table below contains details of the application process.

National Blue Ribbon Schools

The U.S. Department of Education recognized 356 National Blue Ribbon Schools for 2024. The recognition is based on a school's overall academic performance or progress in closing achievement gaps among student subgroups.

Among the schools honored with Blue Ribbon status were three Department of Defense Education Activity (DoDEA) schools:

- [Alconbury Elementary School](#) (United Kingdom)

- [Robinson Barracks Elementary School](#) (Germany)
- [West Point Elementary School](#) (New York, USA)

Less than 1% of public schools across the nation receive this honor each year.

[Read Blue Ribbon Press Release...](#)

2024 Blue Ribbon School Award Winners

National Recognition

National Blue Ribbon Schools are honored at an annual awards ceremony in Washington, DC, where each receives a plaque and flag to signify its exemplary status. These schools serve as examples for other schools throughout the nation and details of their achievements are shared on the U.S. Department of Education's website.

Founded in 1982, the [National Blue Ribbon Schools Program](#)  recognizes public and private elementary, middle, and high schools where students perform at very high levels or where significant improvements are being made in students' academic achievement. A National Blue Ribbon Schools flag overhead has become a mark of excellence in education recognized by everyone from parents to policy-makers in thousands of communities. Since the program's founding, the U.S. Department of Education has bestowed this coveted award on more than 9,000 of America's schools. Blue Ribbon Schools share some key qualities.

- Their leaders not only articulate a vision of excellence and hold everyone to high standards, they stay close to the real action of teaching and learning.
- Mutual respect and trust run deep in their cultures.
- The whole school community embodies a sense of collegiality and commitment and members are supported by mentoring and professional development.
- Data from many sources are used diligently to adapt teaching and learning to support every student.
- Families and educators work together in partnership.

Eligibility

The Department of Education invites Chief State School Officers (CSSOs) for all states and the District of Columbia, Puerto Rico, the Virgin Islands, the Bureau of Indian Education (BIE), and the Department of Defense Education Activity (DoDEA) to apply for recognition as National Blue Ribbon Schools. In submitting nominated schools, the CSSO of each state and these entities must certify that the nominated schools meet the minimum requirements established by the Department and describe any other criteria used by the state to nominate the schools. States must rely on their state assessment systems to identify schools for submission to the Secretary. Each state's nomination criteria must pertain equally to all schools nominated by the state. Visit the [Department of Education](#) for details on eligibility and visit our [Flickr](#) pages to see photos from previous winners.
